 Kuhlken Vineyards
 Field Blend 2023

As you know Kuhlken Vineyards has recently undergone replanting, indicating a significant investment in rejuvenating the vineyard. We are finally starting to see some fruit come in. The Kuhlken Vineyards Field Blend 2023 is our first wine from Kuhlken Vineyards since 2018.

Producing only 59 cases worth of the wine, we were happy to create and celebrate this wine on its own.

Making this wine was an absolute delight! We co-fermented the Grenache, Petite Sirah and then added the Sangiovese in whole clusters. The Mourvèdre was fermented separately under carbonic maceration before being blended back together and aged for just a few months.

The Kuhlken Vineyards Field Blend 2023 is crafted to be a delightful celebration in a bottle. With its playful and fruity profile, it's meant to be savored in the moment, bringing joy and conviviality to any occasion. Pour a glass, raise a toast and relish the vibrant flavors that dance on your palate.

You may wonder why we opted against a longer aging process, more typical of our esteemed Kuhlken Vineyards Reserves. The answer lies in the unique characteristics of this particular vintage and the stage of development of our vineyard.

The vines at Kuhlken Vineyards are still in their youth following our replanting. As such, they haven't yet reached maturity to yield grapes suitable for the extended aging required for a bolder style of wine.

It's a wine that encourages enjoyment and camaraderie, perfect for sharing laughter and creating memories with friends and loved ones. So let's raise our glasses and celebrate the journey of Kuhlken Vineyards, one sip at a time!
