

Greetings from Stonewall!

It is hard to believe that 2024 is quickly drawing to a close. I hope in the last few weeks of the year you have lots of occasions to share wine and food with friends and family. We always look forward to the chance to get together as a family, especially now that four of the youngest generation have left home. For those of you who know our parents, Larry and Jeanine, I want to say that they moved into assisted living in 2024. It was a big adjustment, but they are both happily settled into their apartment. They appreciate not having to maintain a house and instead can focus on themselves. I have dinner with them most weeks, and it is a wonderful chance to catch up and share with them what's going on at the winery and home.

We have decided to celebrate Family in the vinous sense as well. Our very first wine was the 2006 Family Reserve, which was produced entirely from grapes from the family vineyard planted in 1995. This year we are releasing the 2021 vintage, our fifteenth vintage! The composition of the Family Reserve varies from year to year, but it is always crafted to represent the best of the vintage. I hope that you will share it with family and friends during the holidays, or perhaps cellar the 2021 and open up a past vintage.

We have accomplished a lot at the estate this past year. We had our first substantial harvest since the replanting at Kuhlken Vineyards. We replaced the road into the winery with a more environmentally friendly granite drive, and we installed EV Charging stations for those guests who want to charge a vehicle while sipping wine on the deck. We will be looking for new ways to improve the sustainability of our operations in 2025.

All the best for the rest of 2024 and Happy Holidays!

Dr. Julie and the Pedernales Family
